

EUREKA results, support services and funding in Slovak Republic

THE MINISTRY OF EDUCATION,
SCIENCE, RESEARCH AND SPORT
OF THE SLOVAK REPUBLIC

Martin Kontrík

„Support and results of cooperation in EUREKA and Eurostars programme“ – Prague 20.11.2019

The intention of the Ministry of Education, Science, Research and Sport of the Slovak Republic to provide financial support from the state budget for EUREKA projects in Slovakia by 2020

1. Support projects in line with EUREKA priorities
 2. Provide financial support for R&D projects from the state budget approved by the EUREKA High Representative Group
- Contribute to increasing the volume of investments of Slovak companies to R&D,
 - support of international cooperation,
 - support of competitiveness of companies,
 - support of development of innovated products
 - support of creation of partnerships and cooperations

Consistency with Research and Innovation Strategy for Smart Specialization of the Slovak Republic - RIS3 priorities

Current priorities:

- Materials research and nanotechnology
- Information and communication technologies
- Biomedicine and biotechnology
- Industrial technologies
- Sustainable energetics and energy
- Agriculture and environment

MESRS SR publishes a Call on the basis of allocated available funds from the state budget of the Slovak Republic for the year.

The call sets out the specific conditions for granting a financial contribution from the state budget – published on <https://www.minedu.sk/aktualne-vyzvy/>

Eligible applicants:

- Whichever legal or private person established in SR and registered in **BUSINESS REGISTER** of the Slovak Republic www.orsr.sk
- Granting financial support only to applicants whose projects have obtained EUREKA status (EUREKA label) and have been approved by the EUREKA High Level Group (HLG)

I have the EUREKA certificate, what to do now?

- Contact NPC: martin.kontrik@minedu.sk
- Prepare your proposal using the application forms:
<https://www.minedu.sk/aktualne-vyzvy/>
- Apply your proposal in terms and conditions from the call
- If the result is positive:
 - The contract should be signed up to 2-3 months
