Brazil - Finep - Globalstars Call Webinar

24 October 2023
History

Founded in 1985 by prominent European political figures, Eureka is one of the longest running organisations dedicated to funding international R&D projects.

Eureka was established with the Paris Declaration on 17 July 1985, and its principles are based on the Hannover Declaration, signed by ministers on 6 November 1985.

The two main founders were former heads of state François Mitterrand (France) and Helmut Kohl (Germany).
Network evolution

Eureka’s network is made up of ministries and funding agencies from around the world.

Founding countries in 1985 were Austria, Belgium, Denmark, Finland, France, Germany, Greece, Ireland, Italy, Luxembourg, The Netherlands, Norway, Portugal, Spain, Sweden, Switzerland, Türkiye, United Kingdom and the European Union.

The network now includes 43 full member countries, four associated countries and the European Union.
Building bridges for global challenges:
- Impactful instruments
- Embrace the globe
- Building a green and digital future
- Sustainability of Eureka

Upcoming meetings:
- Ankara 21-23 November 2023
- Izmir 12-14 April 2024
- Istanbul June 2024 with the Eureka Global Innovation Summit

Turkish Chair
Eureka is the world’s biggest public network for international cooperation in R&D and innovation present in over 45 countries.

Since 1985:
- 48.4+ billion euro public-private investment
- 7,000+ R&D projects
- 35,000+ organisations supported
Benefits

- Access new markets
- Long-term business relationships
- Knowledge transfer
- Revenue growth
Who is Eureka for?

- Startups and SMEs 59%
- Large companies 13%
- Universities 15%
- Research organisations 11%
- Other 2%
Eureka programmes

**Eurostars** innovative SMEs aim higher
(two calls for projects per year)

**Innowwide** supports research and business ventures in new markets
(one call for projects per year)

**Clusters** thematic industry-led communities
(at least one call for projects per Cluster per year and possibly joint calls for projects)

**Network projects** flexibility for international partners
(roughly 20 calls for projects per year)

**Globalstars** flexibility for international partners in non-Eureka countries
(one or two calls for projects per year)

**Investment readiness** drives companies towards private investment
Average number of projects per year

90 31 210 9

Public-private investment (in million euro)

90.6 229.2 312.8 7.1

Network projects  Clusters  Eurostars  Globalstars
Project characteristics

Project characteristics:
- A civilian purpose – never military
- International collaboration between organisations based in Eureka countries
- R&D of a new product, process or service
- Market-oriented, where participating organisations decide the focus of their research
Project characteristics

- Eureka supports companies across all stages of development - focus on higher TRL levels

- Top five technological fields
  - Electronics, IT and telecommunications 28%
  - Biological sciences/technologies 28%
  - Industrial manufacturing, materials and transport 18%
  - Energy technologies 7%
  - Environment technologies 5%
Globalstars

Globalstars encourages cooperation with countries outside of Eureka’s network.

- Past: Chile, Argentina, India, Taiwan, Brazil, Singapore and Japan
- Current: Kenya and Taiwan

A Eureka country must lead the call for projects and establish a relationship with a target country. Frequently, participating in a Globalstars call for projects is a first step towards becoming a Eureka associated country.

Has a decentralised evaluation and the Eureka Secretariat acts as coordinator and contact point between countries.

Eureka Globalstars Call with Brazil (Finep)
Launching webinar

24 October 2023
Call text

Countries involved: BRAZIL, Belgium (Flanders), Czech Republic, Portugal, Spain, The Netherlands and Türkiye

International R&D projects in all fields of knowledge (check eligibility criteria)

Evaluation criteria: impact, excellence and quality & efficiency of implementation, overall perception
Call procedure

- Contact national contact point as soon as possible
- (Optional) Use the partner search tool
- Register into the Eureka IT platform
- By 2 April 2024 Submit your project application through the Eureka IT platform
- Submit your national application (national deadlines could be different)
- The application will be checked for completeness and eligibility
- The application will be evaluated at international level. National evaluations could also take place
- Projects above thresholds will get the Eureka label. Funding will depend on the national decisions. Signed CA must be done by the consortium
Partner search

- Information available in https://eventos.cdti.es/ES/EurekaBrazil2024/Matchmaking

- Download the template, fill in the form and send back to your national contact office

- The information will be public

- Interested entities will contact directly to you
Contact data

Eureka SmartSimple platform for applicants
Eureka Network Projects and Globalstars
Globalstars call for projects with Brazil
A Globalstars call for innovative projects with a Brazilian partner.

[globalstars]
https://www.eurekanetwork.org/open-calls/globalstars-brazil-2024

Apply

https://eureka.smartsimple.ie/

02 April 2024
17:00 CET
Important information

Each project consortium must nominate a main partner organisation and have at least one other partner organisation.

ONE application form per project consortium:
- Only the main partner creates an application
- The other partners must be invited by the main partner

ONE partner form per project partner
Tasks in SmartSimple platform

**Main Partner organisation**

- Create an account and log in
- Select a call for projects: Brazil FINEP call 1
- Create and complete the application form on behalf of the whole consortium
- **Invite project partners**
- Complete the partner form for your organisation (partner form + co-signature form)
- Review the other organisation(s)’ partner forms
- Submit the final application on behalf of the whole consortium

**Partner organisation(s)**

- Accept the invitation and register
- Complete the partner form for your organisation (partner form + co-signature form) → send to main partner for approval

Σ eureka
How to create and submit your project application?

Watch Video-tutorial:

Videotutorial SmartSimple
Tips

For main partner...

☐ Save draft regularly

☐ Fill in as much information as possible and define the work package structure before inviting partners

☐ Make sure your partners' email addresses are correctly spelled in the invitations

Before you submit your application:

☐ Check the ‘OVERVIEW’ section (some information is automatically filled in from complete partner forms) → Is any partner missing? Is the project duration correct? Is the budget correct?

☐ Check the application form pdf

Σeureka
Tips

For all partners...

- Co-signature form: 1) Fill in your details; 2) Save draft; 3) Download and check that all the information is correct; 4) Upload signed co-signature doc

- Only one person can work in the application at a time

- Do you need help?

projects@eurekanetwork.org
Questions & Answers
GlobalStars call with Brazil

October 24th 2023
Lieve Apers
WHO & WHAT?

- companies (SME and large) based in Flanders
- industrial development project
- receive up to 60% of the eligible project costs, to a maximum of 500,000 EUR per project. Staff and other costs can be funded with a 25 to 60% subsidy of the project budget, with a minimum budget equivalent to support of € 25,000
  - Basic funding rate: 25%
  - Additional rate for MEs: 10%
  - Additional rate for SEs: 20%
  - Additional rate for cross-border cooperation between companies (conditional*): 15%
- Flemish or foreign academic partners or research institutes can be funded by VLAIO if their expertise is crucial.

*General information:

www.vlaio.be/nl/subsidies-financiering/ontwikkelingsproject
HOW

• contact us for a pre-check of their project ideas and get support by our team VLAIO advisors (www.vlaio.be/nl/maak-een-gratis-afspraak-voor-advies-op-maat)

• submit an application to VLAIO, including a project plan and budget (www.vlaio.be/nl/subsidies-financiering/ontwikkelingsproject/aanvraag-en-evaluatieprocedure).

• deadline for submission of the VLAIO application is Thursday April 18th 2024 – 12:00 Brussels time.

Obrigado! Thank you!
CZECH REPUBLIC
INTER-EUREKA programme

• Support of international R&D cooperation within the Globalstars call based on the criteria of the Eureka network

• The aim is to connect enterprises of all sizes with enterprises/research organizations/universities based in the Czech Republic and Brazil (and other participating countries)

• Thematic proposals come from below (bottom-up principle)
Eligibility of the applicant in INTER-EUREKA

- Eligible applicant is a small, medium or large company based in the Czech Republic, which is engaged in R&D activities (must be proved)
- Another Czech participant in the project may be an enterprise/research organization/university (with R&D activities, based in the CR)
- A mandatory condition is that the applicant proves submission of joint consortium project to the SmartSimple platform
Financing conditions in INTER-EUREKA

• The intensity of national support for applicants can reach up to 80% of eligible costs, depending on the proposed research category (industrial research, experimental development), the type of organization (small, medium or large enterprise) and other applied criteria.

• The intensity of support for another participant in the project can reach up to 25-100% of eligible costs.

• Financial limit of national fundings:
  3 mil. CZK/project/year/1 Czech applicant
  4 mil CZK/project/year/more Czech applicants

How to apply in INTER-EUREKA

1) **Joint Consortium Project Proposal** – apply to Globalstars call (in English) using the SmartSimple platform

2) **National Project Proposal** – apply to INTER-EUREKA call (in Czech)
   - An abstract of the joint consortium project proposal (from Smartsimple platform) is a mandatory annex to the national proposal
   - Formal evaluation and Assessment done by MEYS
   - The expert advisory body of MEYS takes over the evaluation results and makes the final ranking list
   - If the project proposal is also selected for support by the Brazilian financing body, MEYS signs a contract with the successful applicant to provide public funding
Contact & Information

Klara Musilova
National Eureka Coordinator in the Czech Republic
Ministry of Education, Youth and Sports (MEYS)
Department of International R&D Programmes

Email: klara.musilova@msmt.cz
Information: https://www.msmt.cz
Type of call: PT2030 - SIID – Internacionalização de I&D – “Operações de I&D Industrial à Escala Europeia” (expected to be published in October).

Projects covered:
- EUREKA projects, including “classic” Eureka Network Projects, Eureka Clusters, Globalstars and Multilateral calls;
- EUROSTARS

Type of Funding: grant

Eligible entities: SMEs and/or Small Mid-cap companies (mandatory) + universities, research centres and other non-entrepreneurial entities (ENESII) from all geographic regions from Continental Portugal (Norte, Centro, Lisboa, Alentejo and Algarve) are eligible for funding. ENESII from the Autonomous Regions of The Azores and Madeira, are also eligible for funding.

* Funded projects must include industrial research and/or experimental development activities, leading to the creation of new products, processes or systems or to the introduction of significant improvements in existing products, processes or systems.
National Funding framework (Portugal)

Specific eligibility criteria (main highlights)

**Fit into National and/or Regional RIS3**
Fit into the priority areas of the research and innovation strategy for smart specialization - National and/or Regional RIS3.

**Approval of the project within Eureka**
Present evidence of the approval of the project within the Eureka Programmes (Eureka label / Eureka Cluster label / letter of approval in case of Eurostars projects).

**Balanced economic and financial situation**
Beneficiaries must present a balanced economic and financial situation.

**Must have a Portuguese SME or Small-Mid Cap**
It is mandatory to have a Portuguese SME or a Small Mid-cap leading the national consortium.
- When PT company + PT R&D entities: the main partner of the national consortium must ensure the largest share of the national eligible investment.

*Small-mid cap company* (Small Mid Cap) means a company that does not meet the SME criteria and whose number of employees does not exceed 499, whose annual turnover does not exceed 100 million euros or whose annual balance sheet does not exceed 86 million of euros, as provided for in point 103-E of article 2 of Regulation (EU) no. 651/2014, of the Commission, of 17 June, in its current wording.
National Funding framework (Portugal)

Specific eligibility criteria (main highlights)

Mandatory “financial autonomy ratio”*

If SME or Small Mid-Cap: 15%

Companies that have been active for less than one year at the date of the application, should demonstrate the capacity to finance the project with own capital, equal to or greater than 20% of eligible costs.

* Financial autonomy ratio = Equity / Net Assets

Additional documents required for the national application

After being awarded with the Eureka label, Portuguese entities must submit a separate national application complying with the future Portugal 2030 call specific access conditions.

- Upload copy of the original International Application
- Upload copy of the final international evaluation report;
- Draft of the International Consortium Agreement
- National Technical Annex
National Funding framework (Portugal)

Eligible costs

- **Personnel costs** including scholarships and the hiring of new staff
- Raw Materials, Consumables and Components
- Subcontracting
- Equipments
- Software and Hardware
- Dissemination of project results
- Travel and accommodation abroad

+ **Overheads** 15% fixed rate applied to personnel eligible costs

Invitation to the National Call Reviewer/Panel Evaluation Technology Group Executive Committee Funding Decision
**Evaluation:**
The support decision of the project proposal is taken by the TEYDEB Group Executive Committee, taking into account the independent expert reports. The evaluation of the projects is carried out according to the criteria in 4 dimensions.

1. **Dimension**
   - Industrial R&D content of the project, its innovation level and technological merit

2. **Dimension**
   - Relevancy of project plan with planned activities and the technical and managerial capability of the firm

3. **Dimension**
   - Economic potential of the final outcome and its contribution to national economy

4. **Dimension**
   - International characteristic of the project
Funded Activities

• Conceptual development
• Technological/technical and economic feasibility studies
• Laboratory studies to be conducted in the process of transition from conceptual development to design
• Design and design verification studies
• Prototyp-e production
• Establishment of pilot plant
• Test run
Eligible Costs

- Personnel cost
- Travel expenditures of personnel and consultants
- Expenditures for instruments, equipment, computer software that would be used for R&D purposes
- Direct expenditures for materials etc.
- Expenditures for consultancy services and other services need for R&D work
- Expenditures for R&D that was conducted by universities, public & private research organizations
